

Notice from Yamato City

Please read thoroughly

Additional (Fourth) Dose of COVID-19 Vaccine

Important Notes Before Vaccination

- **Vaccination is not mandatory.**

Vaccination is only administered after you understand the benefits, side effects, and the relief system for injury to health due to vaccination. **Your consent is required.**

- Please read the attached “Notice of Fourth Dose of COVID-19 Vaccine” and consider whether to receive the vaccination.
- **Please discuss with your doctor beforehand about getting the fourth dose if you have a chronic condition, currently receive treatment, or experienced worrisome symptoms following previous vaccinations.**
- It is recommended to receive the vaccination when your health condition is good. You may not receive the vaccination without a doctor’s agreement.

■ Venue

① Group Vaccination (Mass Vaccination Venue by Yamato City)

② Individual Vaccination (Partner Medical Institutions in Yamato City)

- Refer to the “List of Partner Medical Institutions for Yamato City COVID-19 Vaccination”(A3 size).
- Attendants are allowed to enter the venue.

■ Appointment Procedure differs depending on the type of venue

- Please have your vaccination voucher ready.
- Fill in the pre-vaccination screening questionnaire before coming to the venue.
- For further inquiries, contact the **COVID-19 Vaccine Call Center (046-260-0900).**

《Mass Vaccination》

 - Method ①  Make an appointment online (Yamato City website, or use the QR code on the right)
 - Method ②  COVID-19 Vaccine Call Center (TEL: 046-260-0900)

“Appointment
Website”
QR code

《Individual Vaccination》

- Each partner medical institution designates a different method of contact (phone, city website, etc.)
- Refer to the attached “List of the Partner Medical Institutions for Yamato City COVID-19 Vaccination” (A3 size).

■ Vaccination Fee Free of charge (Publicly funded)

Please read the back side

■ Vaccination Details

◇ Vaccines : Pfizer or Takeda/Moderna

- One of the above vaccines will be administered. The vaccine may be different from the previous ones.
- **Since nearly 80% of the vaccine provided by the government is produced by Takeda/Moderna, you can get your vaccination earlier if you choose Takeda/Moderna's vaccine.**

◇ Number of Doses : One ◇ Interval : <5 months after the 3rd dose

- You cannot receive the COVID-19 vaccine and another type of vaccine at the same time. Please wait at least two weeks before receiving any other vaccinations.
※This information may be updated due to changes of national policy, etc. The latest information will be provided on the Yamato City website.

■ Things to Bring

Envelope with the Vaccination Voucher (Blue)

■ Important Notes concerning the Venue

- ① We appreciate your cooperation regarding infection prevention. Please wear a mask, disinfect your hands, and avoid close contact with other people at the vaccination venue.
- ② If the recipient or his/her attendant has one of the conditions below, please wait to receive a vaccination until recovered to avoid the possibility of COVID-19 infection.
 - Persistent cold-like symptom(s)
 - Fever (higher than normal temperature or <math><37.5^{\circ}\text{C}</math>) within the last two weeks
 - History of overseas travel (within the last two weeks) to a country which is on the list of the Ministry of Justice or the Ministry of Health, Labor, and Welfare. Or contact history (at home or in the workplace) with a person who has traveled to one of the countries on the list (within the last two weeks).
 - Contact history with a COVID-19 patient, or anyone who is suspected of having COVID-19 infection (including a person who lives with a COVID-19 patient, or a person whose colleague had a fever) within the last two weeks.
 - Possible contact history with a COVID-19 patient and is currently under quarantine (including self-quarantine).
